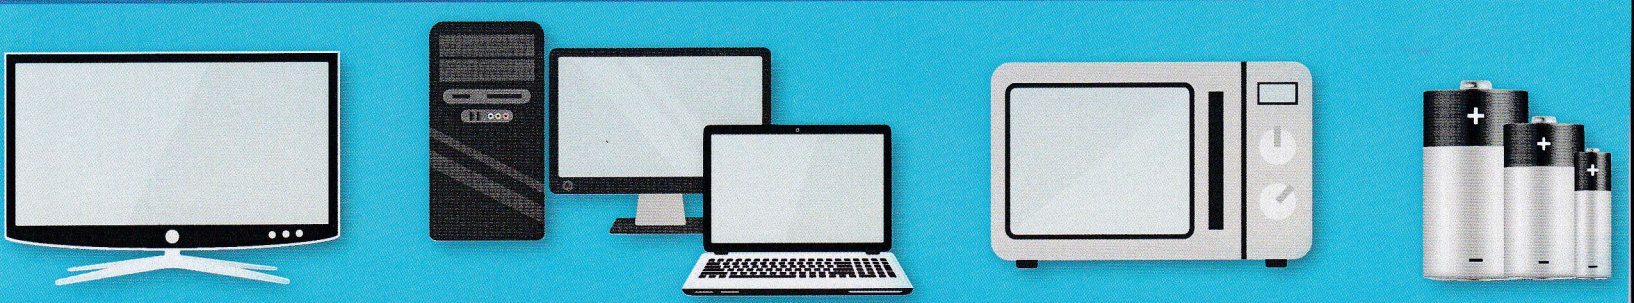
Recycling Collection Service for Electronics and Batteries Now Available in Your Area!

Montgomery County is expanding your curbside recycling collection service to give you the opportunity to recycle more materials. You can now ***schedule*** a special recycling collection for electronic items, such as small appliances, computers, televisions, and more on your regular recycling collection day. Batteries, both alkaline and rechargeable, can also be collected for recycling when you ***schedule*** a recycling collection for electronics.



Instructions To Prepare Items for Electronics and Battery Recycling Collection:

- ✔ Place monitors/screens with the glass facing your home to prevent glass from breaking
- ✔ Small, loose electronic items should be placed in a sturdy container, such as in a small cardboard box or rigid plastic container, labeled "electronics"
- ✔ Small electronic items and loose batteries will only be accepted as part of a larger quantity pick-up of these items
- ✔ Loose batteries should be placed inside a plastic bag or tape the ends with masking tape or another non-metallic tape; then place bagged or taped batteries in a sturdy container labeled "batteries"
- ✔ Do not remove batteries from electronic items
